FIBERLINES 301 FW

Fiberline 301 FW **IP20**

Linear architectural lighting system designed for seamless integration into floor and wall applications. Its slim, low-profile construction provides clean, continuous illumination while maintaining a discreet architectural appearance, making it a versatile solution for hospitality, commercial, and public spaces.

- Aisle lighting profiles
- Lineal light and dots light types
- 24V types and ADA compliant
- Black anodized profile with anti-slip polymer
- Ready made profiles or in components
- Applications: Cinemas, theatres, auditoriums, etc.
