

LED LINE 301 FF

Aisle Step Lighting

IP20

Low-profile linear LED lighting system designed for seamless installation between two floor surfaces. Featuring integrated dot lighting and a durable architectural construction, it provides clear, discreet illumination for pathways, aisles, theaters, auditoriums, and other commercial applications. Available with multiple LED configurations to accommodate different project requirements.

- Aisle lighting profiles
- Dots light types
- 24V types
- ADA compliant
- Black anodized profile with anti-slip polymer
- Ready made profiles
- Applications: Cinemas, theatres, auditoriums, etc.
