ASIMOV

3W COB LED Bedside Wall Surface, Adjustable Reading Light w/ 6W backlight

IP20

Versatile LED bedside reading light combining a focused adjustable spotlight with soft integrated backlighting. Featuring two-direction adjustability, independent switches, and CRI 90, it provides both precise task lighting and comfortable ambient illumination, which makes it an ideal solution for hotel rooms, bedrooms, and hospitality interiors. Supplied w/ integrated constant current driver.

Universal 120V
*Supplied with single gang wall plate
