VIARECTA-Direct/Indirect

40W UGR17 Linear system with diffuser for direct/indirect surface or pendant

IP20

Built for modern workspaces, this linear fixture combines focused downlight with soft indirect uplight to create a more balanced and comfortable lighting environment. It offers excellent flexibility for offices, meeting rooms, workstations, and contemporary commercial interiors. Finished in aluminum with a slim architectural profile. Supplied with integrated constant current driver.

Universal 120V-277V
Material: Aluminium
Light efficacy: 95lm/W / 90lm/W
