BOOK OF LIGHT

Contemporary European
Lighting Designs
for
Commercial Applications

To Our Valued Customers,

In the 16+ years since Solavanti Lighting's establishment, we have strived to build and maintain a reputation throughout North America, synonymous with cutting-edge lighting design, exceptional customer service, and an overall "can do" spirit of delivering the right solution for complex lighting requirements.

Our team of professionals offers exclusive specification-grade products, featuring contemporary European-style LED lighting to the decorative and design community, for a wide range of commercial applications.

These design products can be found through any of our lighting sales agencies or our website, and are readily available for fast delivery with competitive market pricing.

We look forward to building your trust...
